Hi Jim.

The OBD section for test group FVGAT03.6VUK has been replaced in the application with the correct information and uploaded to Verify.

Thanks for the catch.

Guys, While reviewing the Part One application for this test group I found that the OBD section is wrong. The OBD approval letter and the description section from page 45 to 177 are for a 6.0L Bentley test group not the 3.6 Tiuan. Let me know when it has been revised and I will complete my review of the Request for Certificate.
